Re: Close of Voter Registration

Kansas statutes require that voter registration books be closed starting on the 21st day before any election and remain closed until the day after any election.

Please note that voter registration for the Presidential Preference Primary will close at the end of your business day on Tuesday, February 20th, 2024 and will remain closed until Wednesday March 20th, 2024.

You may still accept voter registration cards during the closed period, but the cards will not be processed until after the Election. Anyone registering to vote or making changes to their current registration or party affiliation during the closed period should be made aware that their application will not be processed until after March 19th, 2024.

If you have any questions regarding this matter, please contact me at 620-694-2934.
